Experience

RJI Apple Watch Developer Challenge August 2015-Present

- A competition to develop a useful Apple Watch application that has an emphasis on media.
- Working in a team of four by creating mockups, researching interest in our idea, and developing the application.

Amiibo Tracker Feb. 2015-Present

- Created a website that tracks the stock of certain Amazon, Best Buy, and GameStop products.
- Acquired more knowledge and skills in HTML, CSS, PHP, JavaScript, and overall design aesthetics.

Polarity Holdings Web Developer Internship May 2015-Aug. 2015

- Learned about the business side of web development, including how to attract and keep customers.
- Researched growth hacking tactics and outlets for finding customers.

Activities/Awards

- Varsity Cross Country, 4 years
- Boy Scouts of America
